[Revised RAO 1 for Area 1 FS.docx](#)

Chase and Garry,

Based upon the recent Michigan Department of County Health recalculating their fish advisory numbers (guidance attached) and our discussions regarding your concerns about RAO 1, we have revised this RAO to be included in the revised Area 1 FS. This RAO more accurately reflects fish tissue, sediment and related fish advisory targets, as well as extending the time frame to achieve those targets. We believe this revised RAO 1 fits better considering the time trend analysis.

Thanks
Jim Saric
